As you can see from the photos, there may have been a quorum for an ACCA meeting at ABR Wholesalers when the associate member held its annual open house on Wednesday, September 27.

Some of us attended just to enjoy hot dogs perfectly grilled by **Matt McGarry**. Others bought stuff, but the primary reason for holding the event was to introduce contractors to ABR's participation in Rheem's Universal Parts Program. See page 4 for more information.

## **Help combat high fuel costs**

Once in a great while, technological genius comes along that changes the way you do business. This time around, that technology comes from Rheem. It's the new Rheem Contour modulating gas furnace, and it can turn up the heat on your high-end customer sales, thanks to a remarkable feature called "Contour Comfort Control."

Best of all, the new unit is the same compact size as other Rheem gas furnaces with easy access to blower, burner and controls for simple installation and service. It's also pre-wired so you can quickly add a humidifier or air cleaner.

Call ABR today for more on the Rheem Contour modulating gas furnace.
