

NATE Continuing Education Opportunities

Mon April 9 & Fri April 13
ABR Wholesalers
R410A Refrigerant Training
3 Continuing Education Hours
(See Page 7 for details)

We have suggested to suppliers that they apply for continuing education hours when they plan their fall seminars.

You should ask them also.

NATE Review

(Continued from page 5)

The final session, Thursday, April 19 will cover hydronics gas installation and will run from 6:00 PM till 8:00 PM.

There is no charge for these sessions. They are another member service.

ABR Adds Sanyo A/C & Heat Pumps

ABR Wholesalers is now stocking Sanyo mini-split products. Included are single, multizone, ceiling type and ducted mini-split units.

These new products meet or exceed the DOE minimum of 13 SEER, and some models are up to 16 SEER.

All new Sanyo units have \$410 refrigerant, meeting the 2010 standards, and many feature the DC inverter compressor, which delivers only the needed performance.

Now Stocking
Ducane
13 SEER
Air Conditioners
