

Commercial Condensing Units

RAWD Standard Efficiency Series 10 through 15 Tons RAWE High Efficiency Series 15 and 20 Tons

Model #	Gross Cooling Capacity BTU/h (Kw)	EER	Sound Rating	Compressors (Stages of Cooling)
RAWD-100CAZ	115,000-120,000	9.0-9.2	8.8	1
RAWD-125CAZ	148,000	9.2	8.8	1
RAWD-151CAZ	164,000-182,000	9.0	8.8	1
RAWE-181CAZ	180,000-190,000	9.0	8.8	2
RAWE-241CAZ	238,000	9.0	8.8	2

Units are available in 208/230/3 Phase and 460/3 Phase

Galvanized steel cabinet with powder paint finish makes the unit durable and protected from the elements. Condenser Coil is constructed for maximum heat transfer. All coils are leak tested. Service access panels may be opened or removed without impacting operation. Low/High pressure controls deactivate system if pressure is abnormally high or low. All units are tested at the factory prior to shipment.

Accessories	Description
RXAH-A01	Unit Lift Kit
RXAT-A01	Anti-Short Cycle Timer Kit
RXAZ-B200	Low Ambient Kit
RXAG-A048	Sight Glass
RXAG-A020	Sight Glass
RXAV-BD048	Liquid Line Solenoid Valve
RXMV-AB	Suction Line Service Valve
RXMV-AE	Suction Line Service Valve

Warranty Information
Air Conditioner Motor Compressor - Five (5) Years
Any Other Part - One (1) Year
