

Commercial Condensing Units

RAWD Standard Efficiency Series 6.5 and 7.5 Tons RAWE High Efficiency Series 10 through 12.5 Tons

Model #	Gross Cooling Capacity BTU/h (Kw)	EER	Sound Rating	Compressors (Stages of Cooling)
RAWD-078CAZ	72,000-74,000	9.1-10.3	8.6	1
RAWD-090CAZ	89,000-94,000	9.3-9.5	8.6	1
RAWE-079CAZ	74,000	10.3	8.6	1
RAWE-091CAZ	88,000-89,000	10.3	8.6	1
RAWE-120CAZ	119,000-125,000	10.3	8.8	2
RAWE-150CAZ	148,000	9.7	8.8	2

Units are available in 208/230/3 Phase and 460/3 Phase

Galvanized steel cabinet with powder paint finish makes the unit durable and protected from the elements. Condenser Coil is constructed for maximum heat transfer. All coils are leak tested. Service access panels may be opened or removed without impacting operation. Low/High pressure controls deactivate system if pressure is abnormally high or low. All units are tested at the factory prior to shipments.

Accessories	Description
RXAT-A01	Anti-Short Cycle Timer Kit
RXAG-A048	Sight Glass
RXAV-BD048	Liquid Line Solenoid Valve
RXMV-AA	Suction Line Service Valve
RXMV-AC	Suction Line Service Valve

Warranty Information
Air Conditioner Motor Compressor - Five (5) Years
Any Other Part - One (1) Year
