Patented heat exchanger provides maximum corrosion resistance. Low profile design is lighter and easier to handle. Convertible from upflow to horizontal left or right without field conversion. Left or right side gas and electric inlets provide a quick and simple change over. Insulated blower compartment, a two stage gas valve and a specially designed two speed draft inducer motor makes it one of the quietest furnaces on today's market. Cabinet is made of pre-painted galvanized steel. Molded permanent filter. Grab holes in doors provide easy door removal and replacement. Unit is compatible with single or two stage thermostats.

Accessories	Description
RXGR-C14B, C17B, C21B, C24B	Return Air Cabinet
RXGF-CB	External Bottom Filter Rack
RXGF-CA	External Side Return Filter Rack
RXPF-F01, 02	Fossil Fuel Kit
RXGB-D14, D17, D21, D24	Solid Bottom Kit

Warranty Information
Gas Heat Exchanger Limited Warranty - Twenty (20) Years
Any Other Part - Five (5) Years
